Midland Area Community Foundation

Grant Proposal Guidelines

The Midland Area Community Foundation provides philanthropic leadership to strengthen our community by fostering collaboration and giving today and in the future.

The Midland Area Community Foundation (MACF) goes beyond simply making grants that advance charitable activities. We also identify current and emerging issues, help our region prepare for the future, and provide our donors the opportunity to leave lasting legacies. It is for these reasons the community foundations represent one of the fastest-growing areas of philanthropy. When people give back to the community they live in, it makes a lasting impact.

MACF accepts grant proposals from a wide variety of organizations. Because we are unable to fund every proposal that we receive, please be specific when answering all the components of the grant application.

WHAT DOES THE MACF SUPPORT?

The Midland Area Community Foundation provides grants in amounts up to $40,000 in the 1st, 2nd and 3rd grant cycles and $50,000 to $100,000 in the 4th grant cycle, in four major areas of community improvement:

- Building Our Livelihood
- Developing Our Talent
- Caring For Our People
- Enjoying Our Community

Successful grant applications will be able to articulate which of these areas will be benefitted by receiving an MACF grant, and will also use various measures and indicators to illustrate that success. The grant application form will discuss these requirements in greater detail.

MACF serves Midland County, so only projects that have a direct relevance to the people of this geographic area will be considered. We are also only able to provide grants to 501(c)(3) nonprofit organizations, educational nonprofits, and governmental units.

In addition to funding the program or project itself, grant monies may also be used to pay for wages and administrative expenses relevant to the program or project.
Grant applications in the 4th grant cycle will need to emphasize collaboration, may include capacity building, can be multi-year requests, and may also be used to scale up a program showing positive results.

Grants targeting young people are usually handled through the Midland County Youth Action Council (MCYAC) in amounts up to $10,000. Further information regarding the Council and their process is below.

WHAT DOESN'T THE MACF SUPPORT?
